

## Letter from Alexander Graham Bell to Enoch Henry Currier, January 18, 1902

January 18, 1902. Mr. Enoch Henry Currier, New York Institution for the Deaf, New York, N. Y. Dear Mr. Currier: —

Many thanks for your note of January 17. It would please me very much to have a look at the volume of old reports that you have, and I should think that by sending it by express and valuing it at a good figure it would come safely here. You may be sure I would take good care of it, and return it to you again by express.

I should like to compare it with the Volta Bureau file of New York Reports, and have the Volta Bureau set made complete by copying out in manuscript the missing portions, as in your copy. It would be just as easy to make a carbon copy of those portions which are reproduced for the V.B., and if you would care to have a carbon copy for your library I should be glad to send it to you.

Yours sincerely, Alexander Graham Bell
